Hi Burkhardt Huck,

A copyright owner using Content ID has claimed some material in your video.

This is not a copyright strike. This claim does not affect your account status.

There are either ads running on your video, with the revenue going to the copyright owner, or the copyright owner is receiving stats about your video's views.

Video title: Barrydale - Die Wit Huis 2005
Copyrighted content: BO BEN SANG SONG
Claimed by: BẢN QUYỀN SỐ Vietnam

If there are no problems, you don't need to take any action. You don't need to delete your video.

If something has gone wrong and the copyright owner or our system made a mistake, we have a dispute process. Only use it if you're confident that you have the rights to use all the content in your video.

Need copyright-safe songs?

When choosing music for your next video, you can avoid copyright-related issues by picking a song from the [YouTube Audio Library](#). We're adding new tracks all the time!
